T-Shirt tables

Polyprint Pre-Treater

Pre-treating dark T-shirts is now **easy and fast** with the Polyprint Pre-Treater

- High quality spraying nozzles provide uniform spraying
- Auto clening cycle prevents nozzle clogging
- Closed spraying booth - Pre-treatment goes only on to the T-shirt, not in your room
- Built-in Roller flattens the fibers
- Easily operated using PLC

Stand

Designed to fit on all TexJet printers

- Provides stability
- Reduces required space
- Easily assembled

the T-shirt printer

Printing on light colored fabrics!

Printing on dark fabrics!

Made in Greece by Polyprint SA, leading company in digital textile printing.
